April 8: Lunch & Learn

THE CCIM INSTITUTE

Hawaii Chapter

BOMA Basics : Calculate Correctly

Mahalo to our event sponsor

OLD REPUBLIC EXCHANGE

CCIM Lunch & Learn is a series of monthly educational classes that focus on topics that every commercial related professional should know. Whether you are a broker, appraiser, banker, landlord, property manager,...etc. the information provided will strengthen your knowledge and provide the tools necessary to excel in your profession.

Join us as we learn about the following from **Ryan Kamo, AIA, NCARB, Principal at Design Partners Incorporated.**

This Program Will Cover

- **Property types:** Understanding BOMA Calculations across differing property types
- **Rentable area calculation:** Defining the rentable area calculations for commercial space including proportionate load factors
- **Usable area:** Understanding the difference between rentable and usable areas.
- **Measurement methods:** The Basics of BOMA measurement calculations
